Stylish, accessible surroundings

Beech Manor offers residents space, comfort and choice. Our elegant bedrooms range in size and style, with many enjoying garden access or balcony views over the landscaped grounds. We can decorate bedrooms to suit individual tastes and style; and encourage residents to bring their own belongings, furniture and treasured possessions to create a home-from-home feel.

Spacious walkways, open dining rooms and expansive social areas provide a choice of surroundings to enjoy throughout the day. Social spaces encourage residents to forge new friendships through shared interests and we love to see these relationships blossom and flourish at Beech Manor. Our bar area is an enjoyable place to unwind and relax with friends, new and old. This area can be used for private family occasions as well as social activities and small gatherings for residents.

With relaxation in mind, we have several intimate, quiet spaces offering the perfect opportunity to sit back and enjoy the nature that surrounds Beech Manor, while watching the world go by or enjoying a favourite book. We respect and promote every resident's choice and independence – and whether they spend time socially or solo, we're always on hand to provide refreshments to enhance their pastime.

“I make sure I walk every
day, it’s important to me
that I stay active.”
