

WELCOME TO WHITECRAIGS

A PERSONAL CONNECTION

RENAISSANCE CARE

Home is where the heart is

Welcome to Whitecraigs Care Home, located in the Thornliebank area of Glasgow.

Our relaxed and welcoming residential home offers positive, person-centred nursing care and support, delivered by a skilled and compassionate team.

Our focus is the physical and mental wellbeing of every resident living at Whitecraigs to ensure they thrive in our care. We are committed to promoting the happiness, safety and wellbeing of our residents and we have a reputation for creativity. In fact, we are proud to have been shortlisted in the 2020/21 Scottish Care Home Awards for our innovative approach to delivering meaningful activity.

If you would like to experience the Whitecraigs difference for yourself, please feel free to drop in whenever it suits you. You will enjoy the warmest welcome.

Feel at home at Whitecraigs

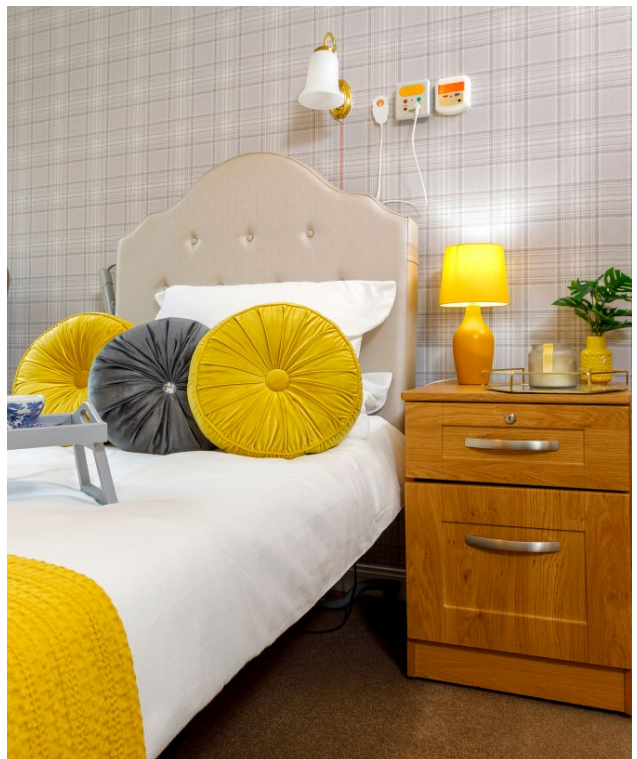

Whitecraigs Care Home is constructed with our residents' wellbeing in mind.

58 ensuite bedrooms are all neutrally decorated, awaiting the much-loved possessions and personal touches we encourage our residents to bring with them.

The shared areas of our home are tastefully designed and include cosy TV lounges and quiet spaces overlooking our pretty private gardens. The attractive grounds are securely enclosed so residents can relax and spend time in nature, and a sheltered area allows us to take advantage of the garden all year round.

We welcome friends and family throughout our home. The spacious shared areas lend themselves to convivial coffee breaks and socialising with friends. And whether our residents choose to spend time solo or they're feeling sociable, we're always on hand to provide a cup of tea or a chat.

Whitecraigs is situated at the heart of the Thornliebank community, close to all the local amenities including schools and nurseries for intergenerational activities. There is easy access to the M77 motorway, so visiting us is also simple and stress-free.

“I just really like it.
I can’t explain it but
I feel very comfortable
and happy living here.”

Quality care, delivered with compassion

At Whitecraigs, our experienced and highly skilled team provide a full range of nursing care for our residents. Staff undertake continuous training, professional development and mentoring to ensure their knowledge and abilities are industry-leading.

Our focus is always on the health and positive wellbeing of the individual and we respect the wishes, aspirations and unique needs of every person in our care. We work in partnership with our residents (and their loved ones) to create a personalised care approach to support them, helping them thrive mentally and physically.

We are experienced in managing:

- **Alzheimer and dementia care**
- **Respite care**
- **Care for residents with complex medical needs**
- **Palliative care**

Whitecraigs also enjoys regular visits from podiatrists and other holistic therapists, so our residents can always access a variety of health and wellbeing specialists.

Life at Whitecraigs

Working in consultation with our residents, the Whitecraigs activities team creates a schedule of entertaining events and activities.

The programme includes an array of social and physical activities to appeal to everyone – from traditional board games to social celebrations, daily exercise, shopping trips, excursions and adventures. We believe this type of engagement promotes physical, spiritual and emotional wellbeing.

We love to see our residents enjoying social time, catching up with friends over tea and cake or pampering themselves at our in-house hairdresser. And if they prefer to simply relax with the daily newspaper, we can take care of that too.

Our talented team also speak multiple languages, including French, Hungarian, Romanian and Polish, so we can help everyone feel completely at home.

Enjoy food with friends

Great food is one of life's pleasures and at Whitecraigs, we cater for all palates with enjoyment and nutrition in mind. Our skilled kitchen team will meet residents on arrival, to discuss their preferences and ensure there is always something tasty to enjoy that meets individual needs.

Menus always include a vegetarian option and are rotated and refreshed regularly. Residents are free to enjoy meals with friends in the sociable dining rooms or more privately, as preferred.

An in-house laundry service is available for everyone, and a newspaper delivery service is also offered, helping residents stay informed and up to date.

FUNDING CARE AT WHITECRAIGS

The Scottish Government has legislated that all adults who have been assessed as needing personal care or nursing care are entitled to receive this without charge. But while NHS health care is free at the point of delivery, most people pay for at least part of their social care. Navigating the financial path into residential care can be complicated, but Renaissance Care home managers have all the experience necessary to guide you through the process. We will ensure you can access the information and support you need, whatever your financial circumstances.

“Whitecraigs is
wonderful; the people,
the care, the fun
atmosphere ... we’re
very happy.”
