It feels good to be home

Welcome to Jesmond, a friendly care home, situated at the heart of the Bridge of Don community.

With a positive atmosphere and enthusiastic approach to living with purpose, Jesmond care home is the perfect environment for its 65 residential and nursing care residents.

The spacious purpose-build home is perfect for promoting health and wellbeing. Every individual is supported to create their own unique care plan. Everyone is encouraged to live their life in their way.

A warm and welcoming atmosphere radiates throughout the home with laughter, music and friendly chatter filling the rooms and corridors. The mutually caring relationships formed between residents and staff are authentic, with both parties as respectful and supportive as loving family and friends. This reflects the nurturing environment within Jesmond that encourages people to live and thrive during their time at the home.

Our professional and compassionate team are committed to putting residents at the very heart of our home, which is why we have a reputation for first class care. Come and experience the warmth of our welcome for yourself.

Make yourself at home

Jesmond is arranged across two floors, with lift access and spacious corridors providing an easy, accessible and relaxed environment for every resident – including those living with Alzheimers and dementia.

The 65 bedrooms are designed with comfort in mind. They are all equipped with en-suite bathrooms, fully electric comfort beds, LCD TVs with Freeview and a nurse call system. Residents are encouraged to personalise their rooms, reflecting their individual taste and style with their own belongings and treasured possessions (even pets!) to create a real home-from-home feel.

Jesmond is home to a variety of intimate, quiet areas as well as spacious communal living and dining rooms – perfect places for residents to socialise with friends. And whether it's a new acquaintance or a long-standing relationship, we love to see these friendships blossom. We often host events and activities for visitors and loved ones, who are as much a part of our home as our staff and residents.

Jesmond's beautiful, enclosed garden blooms with colour and scent and our tranquil garden house is the perfect summer sanctuary. Residents enjoy gardening and creating space to enjoy nature and the wildlife that regularly visits. Our team respects residents' choices and independence – and whether they want to spend time socially or solo, we're always on hand to provide a cup of tea and a good chat.

“My mum has lived at Jesmond for three years now and she’s extremely happy. Everyone goes above and beyond, and the activities coordinators always keep residents engaged and active. I’m very grateful to them for their commitment and care.”

High quality nursing care is provided around the clock and a full range of health care services are available including dental, podiatry, vision care and visiting GPs.

Living life to the full

Jesmond is renowned for the lifestyle and activities programmes that help keep residents active, happy and connected to the people and communities that matter most to them.

With two activities coordinators and an engaged Resident's Committee, Jesmond's activities are plentiful – promoting overall physical, spiritual and emotional wellbeing. There are regular excursions and intergenerational projects with nurseries, schools and businesses, plus many in-house activities and events for residents and relatives to enjoy.

Residents are welcome to enjoy social time catching up with friends over tea and home-made cake, or pampering themselves at the hairdresser. We encourage residents to spend their time enjoying positive and fulfilling experiences. After all, it's these moments that fill a home with joy and laughter and make it a great place to live and work.

A recipe for wholesome food

Mealtimes are a pleasure at Jesmond, as we cater for our residents with enjoyment and nutrition in mind.

Our skilled kitchen team creates delicious and nutritious food from scratch each day, ensuring allergies and specific dietary requirements can be accommodated. Using fresh, local produce where possible, residents can enjoy freshly prepared meals, comfort food and even homemade treats created by our talented chefs.

Residents can enjoy sociable meals in our welcoming dining areas, or if they prefer, in their own rooms. We encourage choice and comfort, following the individual needs of our residents.

We also circulate with a food and beverage cart throughout the day, providing hard-to-resist home baked treats for residents and their visitors.
