Make yourself at home

Croftbank House is arranged across a spacious ground floor, providing easy access and relaxed living for all.

Residents can choose accommodation to suit them, with our comfortable en-suite rooms ranging in size and style to fit multiple needs. Some rooms enjoy attractive garden views and all can be decorated and furnished to reflect individual tastes. We encourage residents to bring their own belongings and treasured possessions (even pets!) to create a real home-from-home feel.

Airy private rooms and spacious shared areas provide a choice of surroundings to enjoy throughout the day. At Croftbank House, we love to see friendships blossom in our social spaces including an on-site café and cosy resident's lounge. We frequently host events and activities for visitors and loved ones, who are as much a part of our home as staff and residents.

And if relaxation is on the agenda, our quiet lounges with outdoor access offer the perfect opportunity to sit back and enjoy the nature that surrounds Croftbank House. Our team respect residents' choices and independence – and whether residents want to spend time socially or solo, we're on hand to provide a cup of tea and a good chat, wherever wanted.

“Croftbank House is
delightful. I feel as
comfortable here as
I did in my own home
but now, I have the
company to go with it.”
